

This year our speaker is Dr. Christie Cern Hanzlik, CS of Boulder, Colorado. Christie left an academic career to become a full-time Journal-listed Christian Science Practitioner in 2010. Christie's passion is serving as a Christian Science Practitioner at summer camp. For over a decade she has worked as the main camp CS practitioner at a camp that regularly has over 200 people attending in a session. She served on the Board of Lectureship from 2013 to 2016 and has addressed Christian Science Associations yearly since 2013. Christie serves on the Board of Christian Science Colorado, which is a statewide committee that oversees the Jointly Maintained Denver-Metro Reading Room, the Institutional Committee, and State Outreach. She is also active in her branch church, with a focus on Outreach, the Reading Room, and Sunday School. Christie lives in Boulder with her two sons and husband, and shares a back fence with her dad, Willard.
